SUBJECT: PURCHASE OF COMPUTERS FOR APPLE LABS

DATE: MAY 2, 2017

TYPE: ACTION REQUIRED

On November 5, 2013, voters approved the School Facilities and Technology levy. One of the technology projects that are funded by this special levy is the purchase of Apple computers for use in our content specific labs. We will be replacing the current computers in 4 labs and installing virtual desktop infrastructure (VDI) computers in one other lab.

To replace the current labs with updated and industry standard computers we will be purchasing 120 Apple iMac 21.5 desktop computers.

We are seeking approval to purchase these computers in the amount of \$214,446.96.

Recommendation:

We recommend the board move to approve the purchase of Apple computers in the amount of approximately \$215,000.
