RE: Rate of Pay for Disc Jockey Services

Our secondary schools use the services of people from our community to provide disc jockey services at school dances during the school year. If a school employee provides this assistance, it is necessary, due to IRS regulations, to make payment for these services through payroll. This requires that a rate of pay be established. This position is not a union position with either Stanwood-Camano Public School Employees or Stanwood-Camano Education Association and is as such non-represented.

It is my recommendation that the Board move to approve a rate of pay of \$50.00 per hour for these services.

If you have questions regarding this proposal, please let me know and I will be happy to discuss this in more detail. Thank you for all your consideration in this matter.
