Decision Tree for Provision of in Person Learning among Public and Private K-12 Students during COVID-19
Should your community provide in person learning and for whom? For School Administrators, Local Health Officers, and Community Stakeholders
The risk of COVID-19 being introduced into the school depends on the level of COVID-19 spread in the community and the health and safety measures taken by schools. Consider the following educational modalities based on community transmission and other health and education risks and benefits.

COVID-19 Activity Level
HIGH
$>75$ cases/ $100 \mathrm{~K} / 14$ days
Other considerations - In creasing trend in cases or
hospitalizations

- Test positivity $>5 \%$
- Other health and education risks and benefits to children and their families

## MODERATE

25-75 cases/100K/14 days

Other considerations

- Increasing trend in cases or
hospitalizations
- Test positivity >5\%
- Other health and education risks and benefits to children and their families

## LOW

<25 cases/ $100 \mathrm{~K} / 14$ days

## Education Modality*

Strongly recommend distance learning with the option for limited inperson learning in small groups, or cohorts, of students for the highest need students, such as students with disabilities, students living homeless, those farthest from educational justice, and younger learners.

Recommend distance learning as described above. In addition, consider expanding in person learning to elementary students.
Over time, consider adding hybrid in person learning for middle or high school students if limited COVID transmission occurs in schools.
Encourage full-time in person learning for all elementary students and hybrid learning for middle and high school.
Over time and if physical space allows, consider full time in person learning for middle and high school.

Extra curricular
Strongly recommend canceling or postponing all in person extracurricular activities, including sports, performances, clubs, events, etc.
trongly recommend canceling or postponing all inperson extracurricular activities.

Consider low risk activities when all students have some evel of in person earning.

Consider low and moderate risk in person extracurricular activities.

Can the school(s) implement recommended COVID- 19 health and safety measures?
For School Administrators and Staff

The risk of COVID-19 spreading in schools depends on the ability of the school to implement DOH's K-12 health and safety measures

Does the school have the pians, staff space, and supplies to do the following?

| $\checkmark$ | Protect staff and students at higher risk for severe COVID-19 while ensuring access to learning |
| :---: | :---: |
| $\checkmark$ | Transport or facilitate drop-off and pick-up of students |
| $\checkmark$ | Group students (required in elementary, recommended for middle and high school) |
| $\checkmark$ | Practice physical distancing of $\geq 6$ feet among students and staff. |
| $\checkmark$ | Promote frequent hand washing or sanitizing |
| $\checkmark$ | Promote and ensure face covering use among students and staff |
| $\checkmark$ | Increase cleaning and disinfection |
| $\checkmark$ | Improve ventilation |
| Are all staff trained on health and safety practices? |  |

*Staff may work in school at any COVID 19 activity level if the school follows DOH and LNI health and safety guidance
is the school and heaith system ready to monitor for and respond to suspected and
confirmed cases of COVID-19?
For Schools and Local Public Health
COVID-19 cases in the school should be expected. The risk of COVID-19 spreading in schools depends on the ability to quickly identify and respond to suspected and confirmed cases and the level of community transmission.

Can the school en sure monitoring of symptoms and history of exposure among students and staff? \{attestation acceptable)
Is the school prepared to manage students and/or staff who get sick onsite?

Does the school have letter drafted to inform families and staff about confirmed cases or outbreaks?

Is there adequate access to testing in the community health system for ill students and staff?

Is there capacity in your local health department to investigate confirmed COVID-19 cases,
quarantine their close contacts and assess whether transmission is occurring in the school?
Can local public health monitor $\checkmark$ the level of community spread to determine when a change in education modality is needed?

- When all YES

Begin in Person
Learning Model and
Monitor

## RE-OPENING STEPS

*Movement from one step to another will be based on direction from the Governor, the Snohomish County Health District, Office of Superintendent of Public Instruction and available resources.

## ELEMENTARY - CONTINUOUS LEARNING 2.0

*Based on Teacher weekly schedule shared with students via Google Classroom/Seesaw

| This schedule is for students enrolled in Continuous Learning 2.0, either temporarily or throughout the school year. Google Meets will be held at scheduled times throughout the school day by building to avoid overlap of online meetings with other grade levels as much as possible. All students will have three Google Meets on Mon/Tues/Thurs/Fri - (Math, ELA, Specialist) and one optional Google Meet on Wednesday during office hours with teacher. | Monday | Tuesday | Wednes day | Thursday | Friday |

## Instructional Delivery/Core Four

- Live Google Meets
- Combination of Live and

BODGLE MEET Pre-recorded instruction

- Seesaw - Grades K-2 and/or 3
 depending on school
- Google Classroom - Grade 3, 4 \& 5
- Screencast-o-matic

## Instructional Content: Priority Standards

## Stanwood $\operatorname{lt}^{\wedge}$ Camano * ${ }^{\star}$ School District

Priority ctandards = Endurance, Leverage, ReadinessPriority

## Stanwood Camano <br> *** School District

Priority Standards = Endurance, Leverage, Readiness

## Informational Text

Key Ideas and Details
6.RI.I Cite textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.
Craft and Structure

## Special Populations

- We are going to have a phase-in model for special populations.
- The first priority group that the district is working on bringing into the school buildings is kindergarten.
- Following kindergarten will be English Learners, McKinney Vento, students without connectivity and Special Education students.

## Special Education Phase 1 through 4

- Phase 1: All Special Education students in Continuous Learning 2.0; no in-person instruction
- Phase 2: ASSIST program in-person instruction two days per week, beginning with elementary, then increasing to secondary. Resource students receive one-day per week of in-person paraeducator support.
- Phase 3: Adding behavioral program instruction in-person two days per week, beginning with elementary, then increasing to secondary.
- Phase 4: Adding pre-school instruction in-person and increasing ASSIST and behavioral instruction to four days.

## Secondary Advisory

We have advisory class to build community, support our strategies for social-emotional learning, and get help during distance learning.

Topics covered during this time include:

- Required student yearly trainings (Student Handbook, Harassment, Drills)
- High School and Beyond Plan Lessons
- Character Strong Lessons

## Day/Time

- Advisory may be a separate class with specific advisory times or integrated into a building-wide schedule.
- Schedules will be common to each building and are still being worked out.

## Secondary Electives

- There will still be elective options for students in the continuous learning model.
- Staff are working on plans on how best to provide the curriculum in an online setting.

## Career \& Technical Education

- CTE Programs will continue to be offered.
- Staff are working on plans for curriculum delivery.
- Technology Services is setting up a Virtual Desktop Environment so students can access software.
- Looking at bringing in small groups of students.
- A few specialty programs may be impacted. We will contact those families as needed.

High School--Graduation
Graduation requirements for the Class of 2021 and beyond remain consistent with the requirement from before the closure. These requirement include:

- Complete a High School and Beyond Plan
- Earn high school credits (24 credits)
- Complete a Graduation Pathway

## Social Emotional Supports

- School districts have been directed to make social emotional supports a priority. To this end, we will establish a Character Strong program.
- Character Strong will be implemented through Advisory. This curriculum focuses on character development in order to help students cultivate social-emotional skills, their emotional intelligence, and help them develop a stronger
 identity and purpose in school and in the world.

## Parent Supports

- Weekly Smore school newsletters
- Teacher weekly office hours
- Counselors \& Student Support Advocate
- Technology Support Line
- Clever supplemental resources

## Attendance

- Attendance will be taken during Continuous Learning.
- We are waiting for state level guidance regarding how attendance will be collected and monitored.

## Food Service

- Grab ' n Go breakfast and lunch meals will be available for multiple days for purchase. Free and reduced meal applications apply as usual.
- More information regarding food service delivery will be available on our school/district websites before the start of school.

## Internet/Connectivity Options

Chromebooks will be available for every student. Please check with your building for distribution
 times.

Hotspots are available for those families without home internet access.

Instructional materials may be downloaded for offline access.
**Individual schools will reach out for checkout schedule/times

## On Campus Requirements

- Any individual coming onto campus needs to check in at the front door (temperature check, no symptoms).
- Follow signage as to maintaining 6 ft . distance and directional arrows.
- Wear a mask.

## Transportation

- All drivers will wear face masks.
- All students will be required to wear face masks. If they do not have a mask, one will be provided.
- Students will load the bus back to front to avoid exposure.
- Windows will be open for better circulation.
- Siblings will be encouraged to sit together.
- Upon arrival at the school, a health screener will
 board the bus and screen students prior to unloading.
- Buses will be cleaned and disinfected after AM and PM runs.
- A video that shows our new procedures will be available on the website.

## Cleaning, Disinfecting, Ventilation \& PPE

- All schools will be cleaned and disinfected throughout the day and after students leave. Wednesdays will be for deeper cleaning and disinfecting and weekends, if necessary.
- HVAC equipment - cleaning, changing filters, system balancing, air flow
- Equipment/Supplies/Training - electrostatic handheld sprayers, Alpha HP disinfectant
- PPE (masks, shields, gloves, hand sanitizer,
 no touch sanitizing dispensers, disinfecting wipes, thermometers, UV sanitizers, desk shields, plexiglass, health room dividers, signage, cones, gowns, scrubs)

## Next Steps

- Present Reopening Schools

Template and recommend Board approval.

- Submit Reopening Schools Plan August 19, 2020 to OSPI for approval.
?
