

FRIDAY FAMILY MESSAGE

SUPERINTENDENT DEBORAH RUMBAUGH

Family Communication

October 14, 2022

Hello Families,

I drive by this sign several times weekly and appreciate the displayed messages. This one is extra special! Congratulations to our athletes, coaches, parents, and fans for supporting such an outstanding football team! The sentiment around

being “undefeated” resonates with me. All our schools strive to serve students in the best way possible. They collaborate to work and re-work their approaches to ensure student success is at the forefront of our work. Our staff's support of our students and families takes tremendous effort and is one that we take seriously. While we may need to adjust or change course at times, we strive to provide you with championship-quality learning experiences.

Road Work along 532

You may have seen signs of road work and detours along 532 as the City of Stanwood installs piping under the road. Road closures are planned from 9:00 pm - 4:00 am beginning next week. We do not expect detours to impact our bussing, but it may impact early morning drivers off the island.

School Boundary Discussion: Part of CFAC's work!

Please consider joining our Capital Facilities Action Committee (CFAC)! This team reviews district enrollment data and looks at our facilities' master

plans and helps us plan for future growth. This team's work will also include recommendations for how families are assigned to particular schools based on where families reside, school capacity, and immediate and projected enrollment.

Community members play a key role in developing our long-term capital facilities plan and providing input on facility use to ensure the community's values and priorities are accurately represented.

If you are interested in joining this committee or would like to know more, [please complete this form](#).
